

WOMAN PLUNGES OFF ROOF TO DEATH

To avoid the detectives who were searching for her and to put an end to an unlovely love affair, Lena Stock, a dishonored servant girl, killed herself by leaping from the roof of the four-story apartment house at No. 78 St. John's place, Brooklyn. Her body brushed against the shoulder of a man who was passing the house and he turned at the sound of the fall and found her dead at his feet.

Detectives had a warrant for her arrest for larceny, as she was charged with having stolen some handkerchiefs and embroidery from her employer, Mrs. Amelia Horvath, of No. 8 Madison street, Brooklyn. She was arrested in the Gate Avenue Police Court yesterday, but when the case was called it was found that she had escaped from the courtroom.

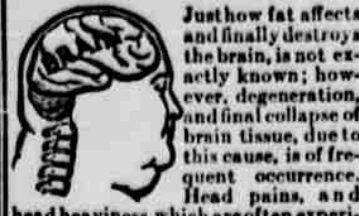

The young woman's one-sided love affair was with Henry Horvath, a butcher, who lives at No. 8 St. John's place. Nine months ago he ceased his attentions to her, and last night for revenge she hid under the bed in his room, and when he came in and found her she attacked him with a hatchet. He is in the Swedish Hospital with a fractured skull and deep cuts on his arm.

This is the second time she had at-

tacked him, so Horvath said. Last Wednesday night she attempted to stab him with a penknife, which he managed to take away from her.

DANGERS OF FAT

HOW FAT AFFECTS THE BRAIN

Just how fat affects the brain, is not exactly known; however, degeneration, and final collapse of brain tissue, due to this cause, is of frequent occurrence. Head pains, and head heaviness, which are often experienced by fat people, may indicate that this degenerating process is imminent. The return of this fatty tissue to normal brain substance, may and probably will result if the overproduction of fat is stopped in other parts of the body. Thousands of fat people have depended entirely for reductions to normal weight, upon Marmola Prescription Tablets, which are made after the exact formula of the famous liquid Marmola Prescription. While taking these tablets for the reduction of fat, no dieting nor exercise are necessary, as a reduction of 10 to 16 on a day is accomplished by prevention as well as elimination of fat. Marmola Prescription Tablets are sold at all druggists or the Marmola Co., 105 Farmer Bldg., Detroit, Mich., at the uniform price of 75c for a large case. They remove the fat already formed, prevent its reforming, clear the complexion and tone up the entire system.

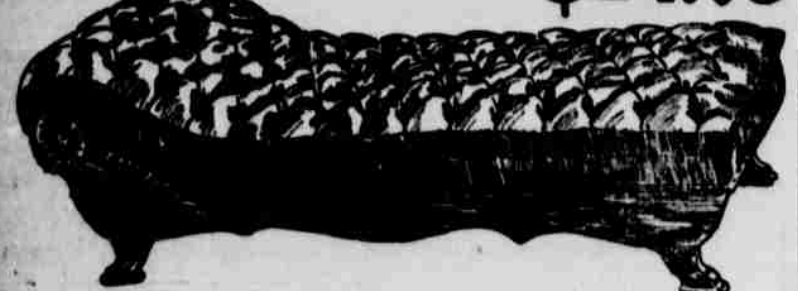

THE MEN AND WOMEN Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important
Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the methods of manufacture must be of the most perfect order and the combination the most excellent of its kind. After thirty years of general usage, Syrup of Figs and Elixir of Senna is everywhere accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects. To get the beneficial effects of Syrup of Figs and Elixir of Senna, buy of your druggist the genuine only, the full name of the Company—California Fig Syrup Co.—printed on the front of every package; one size only, price, 50 cents per bottle.

Our "Peter Pan" blouses of white toweling can be had with sailor collar, elbow cuffs and patch pocket of butter-color chambray, and are also priced \$2.97, although other shops charge \$4.00 and \$5.00.

SILK HOSIERY, HAND EMBROIDERED

Qualities that were made to sell up to \$6.00 per pair, \$1.94

These samples having served their purpose of eliciting the season's business, the manufacturer disposed of them to us at a nominal price. They are all black, hand-embroidered, almost in as many designs as there are pairs. The embroidery is chiefly black, but a good quantity has black combined with tiny natural-color forget-me-nots, violets and roses.

This embroidery is worked on a quality of silk stocking that retails at \$1.50 in the plain. Furthermore, the embroidery is paid for at so much per stitch, and some of the elaborate designs contain many more stitches than \$5.00 would pay for.

WOMEN'S WEATHERPROOF TOP COATS

A new shipment of the famous "Burberrys" arrived from London.

In England, all fashionable women include one of Burberry's swagger, mannish-looking Coats in their season's wardrobe. The women's coats made by the celebrated house of Burberry of Golden Square, London, are identical in fabric and style with those made by the same house for men—a loose, roomy coat, with huge pockets and convertible collar. As a motoring, touring, or general knockabout coat, the Burberry is unsurpassed for comfort, lightness, smart materials, and smart lines. Above all, it is as nearly weatherproof as a Top Coat can be made.

Regent Burberrys, gray and brown, with tab cuffs, face collar, and plaid lining... \$39.74
Somewhat heavier Burberrys, with silk lining in body and sleeves... \$48.74
Burberry "Rainwater" Regent, of waterproof tan or Oxford lightweight fabrics... \$19.74
The same model, lined with serge... \$29.74
These prices are considerably less than elsewhere.

"WITCH HAZEL"

A medicinal preparation that soothes all skin irritations

Why you should buy it at Macy's
Macy's Extract of Witch Hazel (otherwise known by the Latin name of Hamamelis Virginica) is prepared from triple-distilled concentrated Witch Hazel and 95% Pure Grain Alcohol in the proportion of 15% Alcohol and 85% Witch Hazel. In other words, it is prepared strictly according to the United States Pharmacopoeia. From a recent comparison we know that Macy's Witch Hazel has few competitors.

A competing brand that is offered by a large retail drug corporation sells at

Pint	Quart	1/2 Gal.	Gal.
25c	45c	90c	\$1.80

Pint	Quart	1/2 Gal.	Gal.
19c	36c	69c	\$1.28

No extra charge for containers.

When you buy Witch Hazel at Macy's, instead of paying the usual two profits of the wholesaler and the retailer, you pay but one price—the lowest in the city.

Men accustomed to being shaved at the barber's should make sure that the Witch Hazel used is a standard quality, made according to a strict formula. If they see Macy's name on the bottle they are safe.

Witch Hazel is one of innumerable productions of Macy's Laboratory in West 35th St., comprising upwards of 100,000 sq. feet, for the preparation of drug and toilet requisites, as well as of groceries, candies, etc.

MACY'S "NEW EMPIRE" MACHINE, \$21.89

Automatic Drop Head Model Sold By Part Payment Houses Up to \$35.00

There is nothing a machine is ordinarily required to do that this machine cannot do. It is equipped with every known device for increasing one's dexterity and decreasing the time required for doing efficient work. That is to say a complete set of the latest improved attachments, consisting of 1 tucker, 1 ruffler, 5 different width hemmers, 1 hemmer foot to sew on lace while hem is being made.

The "New Empire" cabinet is oak-finished with a piano polish. The head operates automatically, rising into sewing position and locking rigidly as the lid is lifted.

The action of the lift and drop is positive, and entirely without springs. The head case below the table is stationary and protects the head from dust.

The construction is strong and durable and cannot get out of order. But we guarantee it and make repairs without charge for five years from date of purchase.

There is no occasion to the one's self to extended periodic payments at an extortionate cost when a high-class, fully-guaranteed machine like the "New Empire" can be purchased outright for the small sum of \$21.89.

PORTABLE HAND-POWER MACHINES BEGIN AT \$17.45. These are a great convenience where space is limited, when one travels, when the machine is moved from floor to floor, when one does occasional sewing only, and, principally, where one is not strong enough to operate a foot-power machine. These machines are entirely practicable, constructed on the same line as the ones mounted on a cabinet. Those at \$17.45 are mounted on iron. The best make, mounted on a wooden base, complete with traveling case, is \$10.74.

MACY'S QUALITY GROCERIES

The care that one requires to exercise with package groceries is multiplied many times in the case of canned foods.

When you buy canned foods in the ordinary way without any guarantee of purity, you are running a great danger. The worst of it is that people run risks seeing that they can get to Macy's and buy guaranteed pure kinds at the same or lower prices.

Many of the groceries advertised in the following list are prepared in our own laboratory in West 35th St., upwards of 100,000 square feet of modern hygienic equipment, in which handling is reduced to a minimum, and where elaborate machinery insures accuracy of weight and measure.

Compare this with the practice, unfortunately all too common with certain types of stores, of purchasing merchandise that has been damaged by fire, water or other detrimental element.

Many of our most faithful grocery customers are those who formerly paid higher prices elsewhere and who would still continue to pay them if they thought that any better quality was to be obtained. We sell first quality goods, and first quality only.
